

## Cry On

Irma Thomas

All of my tears are in vain  
I've just lost, lost, lost my way  
But in spite of all the wrong he's done  
I just cry on, I just cry on

But I still love him with all my heart  
Never, never, never, baby, did I want to part  
But in spite of all the wrong he's done  
I just cry on, I just cry on

But maybe one day before long  
You might decide to come back home  
But until then I have no relief  
You've got me livin' on lonely street

All my tears are in vain  
I've just lost, lost, lost my way  
But in spite of all the wrong he's done  
I just cry on, I just cry on

Cry, cry, cry, cry, cry, cry, cry  
Cry, cry, cry on...
