

# I Can't See My Feelings

Iron Maiden

I can't see my feelings  
Open my eyes  
I can't see my feelings  
Open a pair of eyes

I can't see my feelings  
Keep them behind  
I just keep on reeling  
Running back down the line

Oh, I can't stand that screaming  
Don't even try  
Music fans some feelings  
It'll be tell me why

I can't stop that feeling  
Showing me why  
Man I love that feeling  
Yeah, blowin' me right through the sky

Oh hey hey hey hey hey hey  
Oh, listen to what she says  
If it's good, it's nice
