When Two Worlds Collide

Iron Maiden

My telescope looks out into the stars tonight A little speck of light seems twice the size tonight The Calculations are so fine can it be growing all the Time?

Now I can't believe its true and I don't know what to do For the hundredth time I check the declination

Now the fear starts to grow even my computer shows There are no errors in the calculations

Now it's happened take no other view Collision course, you must believe it's true Now there's nothing left that we can do

When Two Worlds collide
The anger and the pain
Of all those who remain
Two worlds collide
Who will be left alive
No place to hide

When Two Worlds Collide
The anger, the pain
Of those who remain
When two worlds collide
When two worlds collide
So who will survive
there's No place to hide
When Two Worlds collide
