

## Protector

## Iron Savior

I came from far beyond the time  
this is my manor  
I'm reaching for the crown  
and now it shall be mine  
this is my realm  
from far beyond the time

Out in the vast  
I've been waiting for revenge  
try to defeat me  
I will break through your defense

Protector  
will get inside your mind  
I will enlight you  
free you from the blind  
Protector  
will terminate the pain  
I will enlight your  
sick and wicked brains

I am your Protector

This is my requiem of revenge  
This is my rancour  
I creep inside your mind  
into your very soul  
I have the power  
I am in control

Outcast in the void  
now I'm stronger than before  
landed to retake the crown  
your conquerer comes ashore

Protector  
will get inside your mind  
I will enlight you  
free you from the blind  
Protector  
will terminate the pain  
I will enlight your  
sick and wicked brains

Protector.. Protector..

I creep inside  
your very mind  
into your soul I'm in control

Protector  
will get inside your mind  
I will enlight you  
free you from the blind  
Protector  
will terminate the pain  
I will enlight your

sick and wicked brains

I will get inside your mind  
I will free you from the blind  
I will teminate the pain  
enlight your wicked brains
