

Still I Believe

Iron Savior

Am I surrounded by madness
Or is it just me
Who cannot see
The greatness of Man
Fighting and killing ourselves
As best as we can

Seems as we're breaking
For nothing at all
People must wake up
This is the final call

But still I believe
That tomorrow (will)
Be a brighter day
We are dancing on the edge
Though we're still in time
For that train we need to catch

There's a hole in the sky
The land is bleeding
Doomed to die
Self proclaimed saviors
Are slinging the gun
Give me a break
Uhh, I cannot go on

But still I believe
That tomorrow (will)
Be a brighter day
We are dancing on the edge
Though we're still in time
For that train we need to catch

Solo

But still I believe
That tomorrow (will)
Be a brighter day
We are dancing on the edge
Though we're still in time
For that train we need to catch
