

## Got no class

Iron Weasel

Enough class  
Enough class

We have no classes  
Keep your books back in your locker  
We spend a whole day pro  
Free  
As a rocker  
Got no class  
We will invent all the rules  
No one telling us what to do  
Because we have no class

Enough class  
Enough class

School was already  
Let's make or break the rules  
Running through the yard today hallucinated  
Tap dancing on the tables  
Let's make this rock cantina  
No director in hindering  
A teacher requires discipline  
Got no class  
Keep your books back  
We spend a whole day pro  
Free like a rocker  
Got no class  
Let's make up or break rules  
Nobody told what to do  
Because no school

Enough class  
Got no class  
Enough class  
Enough class  
Got no class  
No more class
