

Children of the Night

Isaac Delusion

The lights are flashing
It feed our soul
It's time to head back
To the weaker star
And when the moon eats all the stars
I'll dance my way to the next bar
And when the sun kisses goodbye
Into the night, to the next high

I start driving on down your path
Of my great draft of sonnet love

We are children of the night
Dancing in the dark
We are children of the night
Dancing to your fire
We are children of the night
Dancing in the dark
We are children of the night
Dancing to your fire

Will dancing suffice
Music is a sight?
I'll escape your sluggish eyes
Once at the end of lady spin
Oh yes, I will let the world spin

And when the dawn breaks
Into sky
Feel the embrace of day and night

And writhing to my feeling sides
Forbidden sound of mac and dyke
Lift me up

We are children of the night
Dancing in the dark
We are children of the night
Dancing to your fire
We are children of the night
Dancing in the dark
We are children of the night
Dancing to your fire

We are children of the night
Dancing in the dark
We are children of the night
Dancing to your fire
We are children of the night
Dancing in the dark
We are children of the night
Dancing to your fire

We are children of the night
Dancing in the dark
We are children of the night
Dancing to your fire
