

Waiting

Isaac Delusion

Hmmm...

All of my days

Hmmm...

All of my days

And I've been waiting in the sun

And I've been waiting in the sun

Yeah in the sun light

All of my days

And I've been waiting in the rain

And I've been waiting in the rain

Oh when the rain falls

It is weird when you think about a time I went away

Hmmmm delusion

All of my days

And I've been waiting in the snow

And I've been waiting in the dust

Hmmmm

Hmmmm...

Someday I'll free

Someday I'll go

But someday I'll free

All of my days

And I've been waiting in the sun

And I've been waiting in the sun

Yeah in the sun light

All of my days

And I've been waiting in the wind

And I've been waiting in the wind

Oh when the wind blows

It is silly when you think about a time I went away

Hmmmm delusion

All of my days

And I've been waiting in the snow

And I've been waiting in the dust

Until my heart

Hmmmm...

Someday I'll go

Someday I'll free

Someday I will

Someday I'll free

All of my days

All of these days

All of these days
All of these days

All of my days

All of these days
