

celebrate

Isaac Dunbar

Get your head up out of bed and put on your coat
It's easier said than done
If I could do it, you can do it
You'll never know, you're in your head (Here's my love)
You can blame it on the memories that ruin your day
Blame it on your bad luck and stay the same
Or maybe you could break the curse
You never know but I know

Those good days are somethin' you choose
You don't have to fight, fight, you got nothin' to lose
So let go of all the weight
And let's celebrate the pain, yeah

Celebrate with me, today, tomorrow, and yesterday (Yesterday)
Celebrate all your pain to me
Celebrate all your pain to me
Celebrate with me, forever, never and for only a day (Only a day)
Celebrate all your pain to me
Celebrate all your pain to me

On and on and on, the days they blend
I lost myself (I lost my friends)
I marinated in the hate and hated the love
Alone I stayed (Where's my head?)

Those good days are somethin' you choose
You don't have to fight, fight, you got nothin' to lose
So let go of all the weight
And let's celebrate the pain, yeah

Celebrate with me, today, tomorrow, and yesterday (Yesterday)
Celebrate all your pain to me
Celebrate all your pain to me
Celebrate with me, forever, never and for only a day (Only a day)
Celebrate all your pain to me
Celebrate all your pain to me

Accept the love
It's right in front of your face
Oh, what are you waiting for?
It's right in front of your face
Oh, accept the love
It's right in front of your face
Oh, and celebrate all your pain to me
Celebrate all your pain to me

Maybe you need some time
Maybe you need some space
Or maybe you need
To ce-ce-celebarate

Celebrate with me, today, tomorrow, and yesterday (Yesterday)
Celebrate all your pain to me
Celebrate all your pain to me
Celebrate with me, forever, never and for only a day (Only a day)
Celebrate all your pain to me

Celebrate all your pain to me

Accept the love

It's right in front of your face

Oh, what are you waiting for?

It's right in front of your face

Oh, accept the love

It's right in front of your face

Oh, and celebrate all your pain to me

Celebrate all your pain to me
