

## rendezvous

Isaac Dunbar

I miss ya, and our rendezvous  
Taking Ubers into LES  
Waiting for each other to confess (1, 2, 3, 4)  
It's so cold, how you left me out  
There's no wiggle room to let me in  
In your hell I've been through thick and thin, mm

I'm too good to you, you're so quick to resign  
I'm tired of the one foot in type shit  
I'm down for you, I'm tied down to you  
I'm tired of the one foot in type shit

It's easy to romanticize  
The manic pixie dream that caught my eye  
I should've known that it was all a lie  
Usually, I fall for ya  
But now I'm turned off  
It's funny how it changed so quick  
Usually I feel alive when I'm around your mind  
My stomach fills with butterflies yeah

I'm too good to you, you're so quick to resign  
I'm tired of the one foot in type shit  
I'm down for you, I'm tied down to you  
I'm tired of the one foot in type shit  
I'm too good to you, you're so quick to resign  
I'm tired of the one foot in type shit  
I'm down for you, I'm tied down to you  
I'm tired of the one foot in type shit  
One foot in type shit

I'm too good for you  
I'm too good for you  
I'm too good for you

God baby now what's your problem?  
You've sunken our ship to the bottom  
Ah ah ah  
You kept me up now you're bringing me down
