

the world & all her pearls

Isaac Dunbar

Why can't I cry?
I guess I'm just so numb
That I don't even mind no more
Why can't I cry?
I've opened up the door
But my tears, they lay on all fours

I guess they're done
My well is empty
The waters flowed
And now they're envy
My cheeks burn green
I'm feeling angry
You're being mean
You're being mean

I wanted all
Now I have it all
I got them all
Except you
I won the world
And all her pearls
I've got the world
Except you
