Love Attack

Isaac Hayes

I don't want to play no trivia
Don't want to watch TV
I want to do something serious
With just you and me

Let's fool around
And lay you down
Make sure all the doors are locked
Just so you won't have to stop

Come on, baby

Cancel your aerobic class
'Cause we're gonna aerobicise, yeah
It's the best way to make time pass
In a [?] atmosphere

So let's fool around
Let me make your heart pound, yeah
I feel like a maniac
I got a love attack

Let's fool around
Let me lay you down
Let's fool around
Let's, let's, let's fool around
Let me lay you down

I ain't got no appetite
Ain't got no taste for food
But you would be so nice to bite
Welcome to my menu

And let's fool around
Let me make your heart pound, babe
I feel like a maniac
I got a love attack

Let's fool around
Let me make your heart pound
Let's fool around
Let me lay you down
