

# Someone Made You for Me

Isaac Hayes

Someone made the garden  
For the flowers  
And gave to them  
The April showers

And now in the beauty  
Of each rose I see  
Someone made you  
Made you for me

He made the land  
Embraced the ocean  
And filled them both  
With love's devotion

And as they need each other  
So desperately  
I hope you'll always  
You'll always need me

Just as he made  
The stars above me  
He made someone  
Someone like you to love me

And I pray to him  
The great Maker of our home  
And I just wanna thank him for sending you  
To answer my call

And as I've heard about  
The Rock of Ages  
One day this love I have in my heart for you  
Is gonna fuel a million pages

I pray to him that there will always be  
The love he made for you and me

I hope that there will always be  
Such a beautiful love  
He made for you and me  
Don't let it...  
Don't let it fade away...
