

# The Feeling Keeps On Coming

Isaac Hayes

Mother Nature must be doing her thing  
'Cause every nerve in my body  
Seems to have burst into flame  
Since the first time I saw you  
I've been like a dog in heat  
This feeling keeps repeating itself, yeah  
And it's got me so weak, yeah-heah, yeah yeah yeah

Feeling keeps on coming  
Every time you cross my mind  
The feeling keeps on coming  
When I look in your eyes, yeah  
The feeling keeps on coming  
When you squeezin' me so tight  
Ah, yeah  
It's alright

The touch of your lips is stimulating to me  
You're the perfect example of sexuality  
And the smell of the perfume you wear  
Is mild, but yet so strong  
'Cause every time you leave me  
Like the feeling, the fragrance lingers on  
And that's why

The feeling keeps on coming, when you whisper in my ear  
The feeling keeps on coming, even when you're not here  
The feeling keeps on coming, and I wouldn't stop it if I could  
Oh, 'cause it's so good

Yeah, yeah, yeah

Said I wasn't gonna tell anybody  
'Bout the new love that I found  
But I want the world to know about the girl  
That's got my head, and spin it around, around  
Lovin' ain't lovin' unless it's comin' from you  
'Cause no other woman can do for me the things that you do  
So don't stop doin', girl, what you're doin' to me  
If it lasts 100 years from now, then this is where I will be  
'Cause

The feeling keeps on coming  
When you whisper in my ear, yeah  
The feeling keeps on coming  
Even when you're not here  
The feeling keeps on coming  
And I wouldn't stop it if I could  
Oh, 'cause it's so good

Don't fight the feeling, I can't fight the feeling  
Keeps on moving, yeah yeah  
All over me  
Whatever you doin', girl, is good to me  
Feeling keeps coming, the feeling keeps on coming  
Yeah, yeah yeah, yeah  
Yeah, yeah, yeah yeah

Can't fight the feeling, I can't fight the feeling, yeah yeah

It's good to me

It's good to me
