

HELP

Isabel LaRosa

Can somebody help?
Can somebody help?

Don't, don't pretend you ever listened to me
Won't, won't speak unless you're lookin' down at me

Hold it in just to feed your ego
Slippin' under, scared I'm losing home

Can somebody help?
Can somebody help?

Alone, alone without you lying next to me
Go, go, don't want any of your sympathy

Hold it in just to feed your ego
Slippin' under, scared I'm losing home

Can somebody help?
Can somebody help?
Can somebody help?
Can somebody help?
