

# Scared

Isabel LaRosa

You wanna sing the "I messed up" or "fucked up"? Which one?  
What do you mean? Mom is upstairs  
That's a good one

I messed up  
I know it's true  
Too scared to say I'm in love with you  
I messed up  
I'm black and blue  
So if you love me say you do

I don't catch feelings easily  
But you stole my heart, left it on my sleeve

And I don't know what to say  
'Cause I messed it up today  
So if you wanna leave  
We'll fade away

I messed up  
I know it's true  
Too scared to say I'm in love with you  
I messed up  
I'm black and blue  
So if you love me say you do  
I messed up  
I'm on my way  
Headlights on, driving late  
I messed up  
I know it's true  
And if you love me say you do

Picking you up and driving to a blurry eye  
We can almost see paradise by the dashful lights (oh)

And I don't know what to say (to say)  
'Cause I messed it up today  
So if you wanna leave  
We'll fade away (mmh)

I messed up  
I know it's true  
Too scared to say I'm in love with you  
I messed up  
I'm black and blue  
So if you love me say you do  
I messed up  
I'm on my way  
Headlights on, driving late  
I messed up  
I know it's true  
And if you love me say you do

Ooooh, Ooooh

Picking you up and driving to a blurry eye  
We can almost see paradise by the dashful lights

Oooooaahh, Oooooaahh

I messed up  
I know it's true  
Too scared to say I'm in love with you  
I messed up  
I'm black and blue  
If you love me say you do  
I messed up  
I'm on my way  
Headlights on, driving late (driving late)  
I messed up  
I know it's true  
And if you love me say you do

Ooooh, Ooooh  
Ooooh, Ooooh
