

Caliente Navidad

Isabela Merced

You go blind
Cuz I'm glowing
I'll lead you into the moment
Take my hand
And I'll show you
Where we're going it's snowing
Do your dance
But don't blow it
Don't don't don't blow it
Otra vez
But don't blow it
Don't don't don't blow it

At first you say you wanna take it slow
Few sips and let your inhibitions go
We don't need, don't need no mistletoe
Callate y besame, shut up and kiss me

So you want a Merry Christmas
I'll show you Navidad
You might think it's different
But you know it's hot
Naughty is the nice list
And you know I'm on top
You want a Merry Christmas
I'll show you a Caliente Navidad
Caliente Navidad

Take a chance
We flowin'
Lose yourself and let go
You want romance?
Come closer
Let the spirit take over
Do your dance
But don't blow it
Don't don't don't blow it
Otra vez
But don't blow it
Don't don't don't blow it

At first you say you wanna take it slow
Few sips and let your inhibitions go
We don't need, don't need no mistletoe
Callate y besame, shut up and kiss me

So you want a Merry Christmas
I'll show you Navidad
You might think it's different
But you know it's hot
Naughty is the nice list
And you know I'm on top
You want a Merry Christmas
I'll show you a Caliente Navidad
Caliente Navidad
Let me show you now

Caliente Navidad, Caliente Navidad
Caliente Navidad, Caliente Navidad
Caliente Navidad, Caliente Navidad
Caliente Navidad, Caliente Navidad

So you want a Merry Christmas
I'll show you Navidad
You might think it's different
But you know it's hot
Naughty is the nice list
And you know I'm on top
You want a Merry Christmas
I'll show you a Caliente Navidad
Caliente Navidad
I wanna show you
Caliente Navidad
Just show me that you want it
A Caliente Navidad
