

Can't Give Up On Love

Isac Elliot

Heart, soul, shine like silver and gold
Girl you've got it all, yes you make me shiver
Me, you, I can't believe it's true
Wish that we could make this last forever

I've got this feeling
And you know it's so hard to explain
You wind me up
And I can't seem to come back down again
It's getting serious

We have to keep it tight
No matter how I try
Things are building up inside
I want to get it right
That's why I, why I

Can't give up on love
One heart is the lonely one
Two and we'll do better together
Can't give up on love
Three, I've got a crush on you
Four, I wish we could get much closer
Can't give up on love
I gotta go, gotta go
Before I lose control
One step further I know that I just
Can't give up on love

Heart, soul, shine like silver and gold
Girl you've got it all, yes you make me shiver
Me, you, I can't believe it's true
Wish that we could make this last forever

So I've been dreaming 'bout you girl
I just can't ease the fever
With every kiss my strength
And power gets a little weaker

I'm coming dangerously close to falling in love
That's how you bend my knees
I can't stop thinking 'bout this, baby
You and me
That's why I, why I

Can't give up on love
One heart is the lonely one
Two and we'll do better together
Can't give up on love
Three, I've got a crush on you
Four, I wish we could get much closer
Can't give up on love
I gotta go, gotta go
Before I lose control
One step further I know that I just
Can't give up on love

Gotta go, gotta go
Gotta go, gotta go
Gotta go, gotta go
I gotta go, gotta go

Can't give up on love
One heart is the lonely one
Two and we'll do better together
Can't give up on love
Three, I've got a crush on you
Four, I wish we could get much closer
Can't give up on love
I gotta go, gotta go
Before I lose control
One step further I know that I just
Can't give up on love

Can't give up on love
