

# Ghost

Isac Elliot

Woke up at her place  
It's been a minute  
Since I've seen your face  
I didn't mean to  
Call her by your name  
I shouldn't have said it  
But I can't forget it

And I guess and I guess  
And I guess she looks the part  
But I'm a mess, I'm a mess  
I regret that I broke your heart  
Yeah, she don't mean what you mean to me  
And I wonder if she sees through me  
And I wanna say, "New year, new me", but

I think she knows  
I see your ghost  
No matter what I do  
No matter where I go  
I still see your ghost

I'm tryna fill the space  
But in the end I'm  
Haunted everyday  
All my friends they  
Know I'm losing faith  
Tonic and spirits  
Say goodbye to your spirit

And I guess and I guess  
And I guess she looks the part  
But I'm a mess, I'm a mess  
I regret that I broke your heart  
Yeah, she don't mean what you mean to me  
And I wonder if she sees through me  
And I wanna say, "New year, new me", but

I think she knows  
I see your ghost  
No matter what I do  
No matter where I go  
I still see your ghost

I think she knows  
I see your ghost  
She's lying in my bed  
But you're all up in my head  
I still see your ghost

And I guess and I guess  
And I guess she looks the part  
But I'm a mess, I'm a mess  
I regret that I broke your heart  
She don't mean what you mean to me  
And I wonder if she sees through me  
And I wanna say, "New year, new me"

I think she knows  
I see your ghost  
No matter what I do  
No matter where I go  
I still see your ghost

I think she knows  
I see your ghost  
She's lying in my bed  
But you're all up in my head  
I still see your ghost

I think she knows that  
No matter what I do  
No matter where I go  
I still see your ghost
