

Let's Lie

Isac Elliot

Let's lie, yeah
Lie, yeah, girl

I wanna take you to a place that I've found
It's a place that no one else knows about

You can see a clear night sky
Girl if you come with me tonight
And if you ever see a shooting star
You can wish for anything you want

But you can't tell anyone
Cause' if your parents say no
There's only one thing we can do

Let's lie
And tell em' that we're gonna' sleep
Let's lie
Sneak out the windows, meet down the street
We can run away
And then we'll stay up late
Watch the starry sky
So let's lie
Cuz' we're never gonna' go to sleep

I wanna take you by the hand as we go
And hold you in my arms when we're alone
We can watch the clear night sky
Just hang and let the hours fly
And if it gets cold and dark then I'll keep you warm by my side

But you can't tell anyone
Cause' if your parents say no
There's only one thing we can do

Let's lie
And tell em' that we're gonna' sleep
Let's lie
Sneak out the windows, meet down the street
We can run away
And then we'll stay up late
Watch the starry sky
So let's lie
Cuz' we're never gonna' go to sleep

If you come with me I'll be as happy as can be
And if we fall asleep this will be the best dream

If you come with me I'll be as happy as can be
And if we fall asleep this will be the best dream

Let's lie
And tell em' that we're gonna' sleep
Let's lie
Sneak out the windows, meet down the street
We can run away
And then we'll stay up late

Watch the starry sky
So let's lie
Cuz' we're never gonna' go to sleep

Let's lie
And tell em' that we're gonna' sleep
Let's lie
Sneak out the windows, meet down the street
We can run away
And then we'll stay up late
Watch the starry sky
So let's lie
Cuz' we're never gonna' go to sleep

Let's lie
