

Not for Nothing

Isac Elliot

Barely know me sitting there
Barely know you but we're here
Just a moment let it in
Let me tell you where I been

Got a story-so do I
Got a new one we should write
So familiar this is strange
Cause I hardly know your name

Falling so fast
Maybe this is all mean to be
So baby let's not slow down
Don't even take a second to breath

Cause right now
It's not for nothin' we're a lesson in love
There's a reason that you're here in my arms
Not for nothin' baby we can write the rules
Cause right now
I think we're onto something bigger than us
There's a reason that you're here in my arms
Nor for nothin' baby we can write the rules

Not for nothin'
Everything you've been thru see it's
Not for nothin'
For nothin'

Different people everyday
They can make you lose your way
Girl I don't know where this ends
Feel the karma kicking in

Falling so fast
Maybe this all mean to be
So baby let's not slow down
Don't even take a second to breath

Cause right know
It's not for nothin' we're a lesson in love
There's a reason that you're here in my arms
Not for nothin' baby we can write the rules
Cause right now
I think we're onto something bigger than us
There's a reason that you're here in my arms
Nor for nothin' baby we can write the rules

Not for nothin'
Everything you've been thru see it's
Not for nothin'
For nothin'

Oh oh oh
Here in my arms
Yeah
Oh oh oh

Cause right know
It's not for nothin' we're a lesson in love
There's a reason that you're here in my arms
Not for nothin' baby we can write the rules
Cause right know
It's not for nothin' we're a lesson in love
There's a reason that you're here in my arms
Not for nothin' baby we can write the rules
Cause right now
I think we're onto something bigger than us
There's a reason that you're here in my arms
Nor for nothin' baby we can write the rules

Not for nothin'
Everything you've been thru see it's
Not for nothin'
For nothin'
