

Clitblaster

Isacaarum

Let be open wide...
Making love I slowly reach your hot core
Getting near your cunt is dangerous, vaginal reactor... Yeah!
Female radiance is so high
My coitus warhead hammers you fucking down and deep and deeper
now... Yeah!

My strategy is to fuck, now you can pray,
Roll my foreskin as you feel the over
Trying to tear apart using my prick,
Cuntblastdoor mastication
Penis devourment, I am so impressed
Deuterium of pussy slime, get me over, get me over
Clitblaster is what you find, sexually adjusted
In biohazard area I will cum my brain

Clitblaster, clitblaster
Fuck clitblaster, I am clitblaster

Chemically excited we copulate
In love, of our common bodily nuclear waste
From where's no escape
Coming nuke orgasm is the end
Cuntamination
Start we to fuck once again?

Making love I slowly reach your hot core
Getting near your cunt is dangerous, vaginal reactor... Yeah!
Female radiance is so high
My coitus warhead hammers you fucking down and deep and deeper
now
