

Dildog Troopers

Isacaarum

Our attack is launched
War dicks are fully charged
All right!
Haters of limited love
Killers, bitchbombers of wrath
Unleash sexual war... to destroy
We are on the way... fuck you
Love must be saved... with cannonade
We are on the way... one, two...
Unleash sexual war... to destroy
We are on the way... hey, hey, hey
Love must be saved... with cannonade
We are on the way... hey, hey...
Every your hole has to bleed
Dildos nailed into your pricks
Infernal soldiers of sex
We are troopers of ME:X!
Fighters of sick dildog sign
Bitchbrigade with us in line
Nothing will remain the same
You're just only the game!
Sexual fighting is our pleasure
When the battle grinds the bastards
Who hate to make love... dildog
Spermtanks turn the turrets
We are fucking marching on
And attacking with no mercy... dildog
Our attack is launched
War dicks are fully charged
All right!
Haters of limited love
Killers, bitchbombers of wrath
