Integrated vulva…hacker, hacker
Integrated vulva…
Integrated vulva…hacker, hacker
Integrated vulva…

Surfing through the net, I am hacker
Searching for female chipset to improve
I dream of to have sex in cyberspace
And to feel the electronic love

Integrated vulva hacker
Integrated vulva hacker

Finally I should say it comes to its end
But there's some security to be broken now
Short-circuited wires in that robotic twat have to be
And successful hacking will bring a prize for me

Integrated vulva hacker
Integrated vulva hacker

Cybernetic pussy is that what I need
To fuck, to lick and have toys to fill with it up
Programmable vagina with no menses
Only battery you need to operate with

Hacker… You poor fool
Hacker… Rather masturbate
Hacker… Or try to hunt down
Hacker… Living, sweet cunt

Integrated vulva hacker

Hacker… What do you need?
Hacker… Stop to lurk and seek
Hacker… Rather try to hunt down
Hacker… Living, sweet cunt

Integrated vulva hacker

Cybernetic pussy is that what I need
To fuck, to lick and have toys to fill with it up
Programmable vagina with no menses
Only battery you need to operate with

Integrated vulva…hacker, hacker
Integrated vulva…
Integrated vulva…hacker, hacker
Integrated vulva…
