Lost Between Tits

Isacaarum

Lost in your warm capture
Just a maze, where is the clue?
You're slowly suffocating me
In breathless love's no need to move
Your boobs are decimating me
Wet I scream for sucking more
In jaws of huge body vice
My life is snatched, lost between tits

I can't breathe
I cannot move
I cannot shout

Call no help
Lick these tits
And nothing (fucking) else

Frenzy masturbation between your tits, I am in love
Nobody knows where I am, where gone I have
I am lost between tits...

Lost... lost between tits
Lost... lost between tits

Your skin is white and so soft
I'll never wanna leave you away
With my tongue I try to grind on
Way through your massive rib cage
No complication or problem
About place I've to fucking reach
I am trapped here definitely
Oh you are so nasty bitch

Lost between tits
Lost between tits
Lost between tits
Lost between tits

Frenzy masturbation between your tits, yeah I am in love
Nobody knows where I am, I have lost between tits...
