This life I live like, baby don't drink like  
Baby don't think too much, don't drive

I got here, I can't even....

This life I live like, baby don't drink like  
Baby don't think too much, don't drive  
I got here, I can't even tell my nigga  
Ain't a damn thing parked outside  
Size of my cup, nigga I'm Gucci  
Sides of my hair, nigga I'm Boosie  
Nigga burnt out, can't even catch fire no more  
Figured it was just a West Side movie

But thank God I got my bank, where I keep my heart inside  
And I keep it far away from all these hoes and flashin' lights  
I'm like Remy with the whip, I'm not Oprah with these hoes  
And I keep a snoopy broad because it keep me on my toes  
We been ridin' for ten exits and I still been in your door  
We get better by the steps so if I ever let you go  
Baby you classy, baby you got it  
Baby you ain't really 'spossed to do the whole thing  
Bitch too smart, got lost just f\*ckin' with a nigga  
Got tossed cause a nigga couldn't think

This life I live like, baby don't drink like  
Baby don't think too much, don't drive  
I got here, I can't even tell my nigga  
Ain't a damn thing parked outside  
Size of my cup, nigga I'm Gucci  
Size of my hair, nigga I'm Boosie  
Nigga burnt out, can't even catch fire no more  
Figured it was just a West Side movie

I was billin' in the back, I was chillin' in the back  
Cause I always really wanna be that nigga in the back  
You don't live it really, I can show you how to live  
But I promise I can show a p\*ssy nigga how to act  
Junked out smokin' from the side door  
With a bitch I wanted in the eighth grade  
Hope you got an ass like Nori

Hope you p\*ssy niggas never see me  
This is why I never wanna feed ya  
Cause I can tell you bitches got a limit  
I can be subjective 'bout you f\*ckin' up the highway  
You f\*ckin' up the ride, why you f\*ckin' up the heist?  
I remember lookin' from the outside  
I remember workin' up the work day  
I remember nigga havin' nothin' but my momma  
And some starter on my mothaf\*ckin' birthday, birthday  
Baby can I live it like a body?  
Let my momma smoke it 'til she finish  
Let a nigga sip it all alone babe  
It's been a long day, I'm in a high 10:30  
All my niggas tell me that they want it  
Hope I see my niggas at the finish

Let a nigga sip it all alone babe  
It's been a long day, I'm in a high 10:30

This life I live like, baby don't drink like  
Baby don't think too much, don't drive  
I got here, I can't even tell my nigga  
Ain't a damn thing parked outside  
Size of my cup, nigga I'm Gucci
