[Isaiah Rashad:]  
Bum, bum, bum, ba, bum  
Yeah feel me  
Uh, uh, uh, uh

Oh, believe I feel great today  
I can't help but just pour my drink  
Cause they keep talkin' to a nigga  
Yeah sometimes I be talkin' back  
Sometimes I be, ha  
I swear

Baby, nigga I'm faded  
Nigga I feel like 25 baby  
Skunk, drunk, lookin' like a robber  
Headed to the church or headed to the brothel  
Poppin' my collar, really like Deebo  
How do you tell the truth to a crowd of white people?  
Made it, motivational speaker, bumpin'  
Most time tellin' my teacher somethin'

Baby we was like Decatur  
We was like Lithonia elevated thinker, bump it  
Deacon, stuntin' was a habit  
Trappin' was a habit, shooter got a reason  
Sasha why you gotta leave me?  
We was like forever life is so confusin', fuck it  
Take me, take me to revival  
Maybe this'll help me, maybe this'll change my mind

[Isaiah Rashad, Deacon Blue:]  
Oh, believe I feel great today  
I might just pour my drank  
Cause sometimes they be talkin' to a nigga  
Yeah sometimes I be talkin' back  
Sometimes I be, uh, uh, yeah  
Outside niggas always stuffin' a few  
Southside niggas always keepin' it there  
.45 trigger gave 'em somethin' to do  
We shoulda shot at the moon  
Outside niggas always stuffin' a few  
Southside niggas always keepin' it there  
.45 trigger gave 'em somethin' to do  
We shoulda shot at the moon

Jesus always told me I was special  
Mommy told me go and get some money  
Spread shit to the world  
Cause ain't no fun if the homies can't have some  
Have mine, nigga heaven ain't free  
We was just prayin' for another drink  
Bitch look good to a buzzard, hey  
I could barely hear from the thunder, wait  
I could barely feel for the money, wait

Baby we was like Decatur  
We was like Lithonia elevated thinker, bump it

Deacon, stuntin' was a habit  
Trappin' was a habit, shooter got a reason  
Sasha why you gotta leave me?  
We was like forever life is so confusin', fuck it  
Take me, take me to revival  
Maybe this'll help me, maybe this'll ease my mind

Oh, believe I feel great today  
I might just pour my drank  
Cause sometimes they be talkin' to a nigga  
Yeah, sometimes I be talkin' back  
Sometimes I be, yeah, ha  
Outside niggas always stuffin' a few  
Southside niggas always keepin' it there

[Kari Faux:]

Ridin' down the street with the hazard lights on  
Turn my phone off while I'm switchin' time zones  
Lost in the sauce now I'm shootin' where I stand  
You can't call me back if you can't pay me in advance  
Ridin' down the street with the hazard lights on
