

# More Than Me

Isaiah

Hey it's me  
Know it's late  
Are you asleep  
Think I left my wallet there  
On your backseat  
Maybe check on the couch  
K, I'll come clean  
It's just an excuse to reach out cause I miss you

Know we said  
Give it time  
It's hard for me to walk away and ignore what I'm feeling  
I respect you made a choice  
In over me  
But it's not that easy to forget that I love  
I guess I still love you

I've been trying to leave  
But I'm still in love  
I gave you all of me  
But it wasn't enough  
And so I hope that he gives you everything you need  
But I know he won't love you  
More than Me

Tell me please honestly  
Was it me  
Who fucked it up  
The night I met your family  
I was quiet but I was tired  
I didn't sleep  
The night before it  
You know I had that work thing

Please reply  
And I promise that I will leave you alone  
But I need you to know  
It's killing me  
And if you want to change your mind  
Come back to me  
I'll forget this all happened  
I promise I love you  
I'll always love you

I've been trying to leave  
But I'm still in love  
I gave you all of me  
But it wasn't enough  
And so I hope that he gives you everything you need  
But I know he won't love you  
More than Me

I'm not sober  
Can I come over  
And be close to you  
Just one more time  
Lie to me and tell me everything is going to be fine

I 've been trying to leave  
But I 'm still in love  
I gave you all of me  
But it wasn't enough  
And so I hope that he gives you everything you need  
But I know he won't love you  
More than Me  
More than Me

He won't love you  
More than me
