

Thinking About You

Isaiah

Why did we fall so hard girl I never knew
All of the shadows that were surrounding you
Some call it magic but no love it ain't fair
No I can't explain it, and I'm going insane yeah

So don't tell me, you love me, you're sorry
Don't wanna know, don't wanna know
Don't call me your baby, I hate it
Just let it go

I know your name sleeping in his bed but I don't care less
It's not gonna get through, not thinking about you
You tell me all the things he says that will make me jealous
It's not gonna get through, not thinking about you
Oh nah nah nah

Not drinking about
Not dreaming about
Not thinking about you
Oh nah nah nah
Not drinking about
Not dreaming about
Not thinking about you

Think that I'm crazy that I don't want you back
But you always wanted what you can never have
Can't do it again I won't be falling for that
Now I'm dancing with strangers, I'm dancing with strangers
And they're treating better than you yeah

So don't tell me, you love me, you're sorry
Don't wanna know, don't wanna know
Don't wanna know, don't wanna know
Don't call me your baby, I hate it
Just let it go

I know your name sleeping in his bed but I don't care less
It's not gonna get through, not thinking about you
You tell me all the things he says that will make me jealous
It's not gonna get through, not thinking about you
Oh nah nah nah

Not drinking about
Not dreaming about
Not thinking about you
Oh nah nah nah
Not drinking about
Not dreaming about
Not thinking about you
Oh nah nah nah

Don't tell me, you love me, you're sorry
Don't wanna know, don't wanna know

I know your name sleeping in his bed but I don't care less
It's not gonna get through, not thinking about you
You tell me all the things he says that will make me jealous

It's not gonna get through, not thinking about you
Oh nah nah nah

Not drinking about
Not dreaming about
Not thinking about you
Oh nah nah nah
Not drinking about
Not dreaming about
Not thinking about you
Oh nah nah nah
