

Every Song For You

Isak Danielson

Living on a memory
As vivid as reality
Take me there
I'll do anything, I swear
Brighter than the morning sun
That makes me feel all warm and fun
That's all I see
Where I want to be

I just want to be staying
In my mind with you
That is all I need
I just want to be playing
Every song for you
You are all my dreams come true

Sweeter than any treat
Same feeling every time we meet
Like the first time
When you became mine
Still wishing for the same thing
Be as light as the bird's wing
'Cause when I'm with you
Baby it's true

I just want to be staying
In my mind with you
That is all I need
I just want to be playing
Every song for you
You are all my dreams come true

Brighter than the morning sun
That makes me feel all warm and fun
That's all I see
Where I want to be

I just want to be staying
In my mind with you
That is all I need
I just want to be playing
Every song for you
You are all my dreams come true

I write every song for you
