

# Power

Isak Danielson

I still look at you with eyes that want you  
When you move, you make my oceans move too  
If I hear my name, I will run your way  
Can we say that we love each other  
Can we play like there ain't no other  
If I hear my name, I will run your way

It's my desire that you feed  
You know just what I need  
You got power, power  
You got power over me  
I give my all now, can't you see?  
Why won't you set me free?  
You got power, power  
You got power over me

I was lost until I found me in you  
I saw a side of me that I was scared to  
But now I hear my name and I'm running your way  
All I feel as I get closer to you  
Is the desire to move like you do  
So now I hear my name and I'm running your way

If you're ready now  
If you're ready now  
If you're ready now  
I am ready now  
If you're ready now  
If you're ready now  
If you're ready now  
If you're ready now

It's my desire that you feed  
You know just what I need  
You got power, power  
You got power over me  
I give my all now, can't you see?  
Why won't you set me free?  
You got power, power  
You got power over me

You're the one that seduced me  
Lured me in with your beauty  
Now I know that you used me  
I'm ready now, I'm ready now  
All you did was confuse me  
You're no longer what I need  
Touch me slow, feel my heart bleed  
I'm ready now, I'm ready now
