

Pterodactyl Funk

Isengard

Comin' down? You don't want it.
Once you've tried it you're hooked on it.
Need it to live by, life ain't the same
when you're so high, no more pain.
Take one more hit don't put her down.
Feel the spirits there all around.
It's here, we've got the funk.
Kick ass hydro bud and no junk.

Float away your sorrows, head to yesterday.
For a high tomorrow, try the Pterodactyl Funk.
Climbing higher, touchin' no ground.
To some we're sinners and hell bound
but we're aware of what's goin' down.
In our own eyes we're glory bound!
