

I say, watch out babygirl, you wildin'  
Droppin' in that water, I be slidin'  
Life on the road, I been grindin'  
I'm in that Moët Xotic  
Versace, my sandal, I'm stylin'  
I just need a change up and baile  
But I cannot change cause I'm stylin  
Que paso, mami, let's get back to the grindin'

And I'm gon' keep on loving you  
And she keep dancing in my room  
You got me shankin' in my boots  
But it's the truth I make it through  
And, girl, you got me stuck on you  
The way you dance got me like ooh  
And I love the way you move  
I love the way you move

Oh my god, you fire  
Oh mama, let's bailar  
Let's bailar  
Let's bailar  
Let's bailar  
Let's bailar  
Let's bailar  
Oh mama, you fire  
Let's bailar  
Let's bailar  
Let's bailar

Show me baby where your body is  
Said you can find me where a party is  
Girl if I buy you that new Cartier  
Baby you know that I need all of ya  
Got a new baddie I'mma fly in  
We on the tropics on an island  
I'm tryna link this lil' fine chick  
At some point I ain't even trying

Let's bailar
