

Can You Be All Mine?

IShowSpeed

(You stay on my mind) Uh
(You're the only thing that's driving me crazy) Oh, yeah
(I feel it deep inside) Oh, nah
(I don't wanna see you cry, my baby) I, aye, aye (Stop playin' with 'em, RIO T)

Baby, was it true? When you gave me your number, was it you?
When I [?], I sent you a bag
But baby girl, I knew it wasn't [?]
Wanna fly you or take you on a cruise
Or just take you to a different room
'Cause you got all that ass, I don't wanna get nasty
So baby girl, what you wanna do?

Mmm
Lonely the days, the longer it rains
Mmm
I show my speed, I show my pain

Where the real ladies at? Baby shakin' that ass, throw it back
Little light-skinned thing, she a brat, I'm a king, what's a tiger to a cat?
I be lookin' like, "Damn", when it clap, like fuck, superbud with a [?]
We be turning it up, can't relax, I be thinkin' 'bout a check, only that

You stay on my mind
You're the only thing that's driving me crazy
Feel it deep inside (See you)
I don't wanna see you cry, my baby
Hold me tight, hold me tight
Treat me right, baby, hold me tight, I need you
Hold me tight, hold me tight
Treat me right, baby, hold me tight, I need you

She said she best on me
I like her, OMG, I like her, OMG (Stop playin' with 'em, RIOT)
I like her, OMG

I said, "Babe, baby girl put the pussy on my face", let me see how you move that waist
Baby girl, how you do your dance like that? You bad, let me see that cake
I like how you get cray', swaggy, let's make shit shake
Like how you raise your leg, I see you in Cirque du Soleil
When you walk up here and stray, I see your baby ass lay
But I'm like, "Girl do your dance", you shake that shit, I'm like, "Okay"
Speed Gang, Speed Gang, you say, I'm like, "Oh damn, you pain"
Oh, show me how you play, let me see your dance, let me see you...

Can you be all mine? Can you be all mine, all mine?
Can you be all mine? Can you be all mine, all mine, mine?
Can you be all mine? Can you be all mine, all mine?
Can you be all mine? Can you be all mine, mine?

I said, "Hey, put your hands up on your face," baby girl, you got that rage
I said, I said, "Speed Gang," say it all over the place
I like how you get naked, baby, I like your frame
I like how you get thotty in my space
I said, "Hey, I call them haters lame", my twin, we both the same

I told her that she love me, put that pussy on my face
I put work in my name, I put diamonds on chain
She said she want me, I'ma ask her, I'ma ask...

Can you be all mine? Can you be all mine, all mine?
Can you be all mine? Can you be all mine?
Be all mine? Can you be all mine, all mine?
Can you be all mine? Can you be all mine?

Oh, woah
Woah-woah
Woah-woah
Aye
