

Uh, ah, uh  
T-Rob Beatz  
RC Beats on the fuckin' track

I told my nigga that I love him, I can't trust him  
Gotta watch these other niggas, they be frontin'  
They try to put an image on and I ain't fuckin' with 'em  
You said you fuckin' with my opps, and now you duckin' with 'em  
Uh, I swear my eyes be getting teary  
Swear I get chills every time you near me  
My dawg died at 16, I wish he hearin' me  
I just wanna see my lil sister in Amiri's

Uh, uh, I hope you hearin' me  
I'm just tryna make a song so y'all can feel me  
Uh, you said you love me, I be lyin'  
'Member I was lonely, I was cryin'  
Tried to make it right, but it was timin'  
Growing up a nigga always fightin'  
Gotta keep a toolie, niggas dyin'  
Walkin' in my room, my momma cryin'  
I been tryna make it out all these rainy days  
Pop a pill and that pain gon' go away  
But I swear this ain't forever  
Said that you love me, but you could never

Oh, I could never  
Oh, I could never  
I could never  
I could never  
I could never

I told my nigga that I love him, I can't trust him  
Gotta watch these other niggas, they be frontin'  
They try to put an image on and I ain't fuckin' with 'em  
You said you fuckin' with my opps, and now you duckin' with 'em  
Uh, I swear my eyes be getting teary  
Swear I get chills every time you near me  
My dawg died at 16, I wish he hearin' me  
I just wanna see my lil sister in the Amiri's
