When I speed, when I see 'til I came to the dirt
Never, never seen to a worse
And I seen, when I seen, when it came to a worse
When I, when I get to emerge
I'm a mercy, I'm a man, I'm a kid to a lust
I'm a boss on my dad
And I never-never sold to a Glock who was banned
And them bullets the fast
And the blood and the demons, I look like a dad
He's the dad and the man
With the .40, the chop and I see you a quave
He's the demon, the man
And the blood, the demon them shots to his ribs
And I strip like a demon
When I see him on that chop when I came with the mean man

When I get to a sleamin'
And I never see blood, this chop to a sleamin'
And I'm built like a demon
When I'm forty, the Glock to a shot to his beam and
Hit his jet like a beam and
When I shot, through a shot, through a shot, you a demon (Speed)
When I flock to a demon (Arf)
You a bitch, licks, stick, yeah, you a-

When I bust up my jaw
Everybody stand up when I'm up in the club
Everybody get lit and see
And I dress like a fit, like a dill, like a dog
Everybody see rough, everybody see chop like I move like a vole
