

# Counteract

Islander

Confuse the path of distractions and send them on their way  
Maintain stability, and gravitate towards purity, and always seize the day

You know it's ours for the taking (It belongs to us)  
You know it's ours for the taking (It belongs to us)  
So reach out your hand and grab it  
And hold on to it  
And never let it go

Now counteract this world  
Devastate the masses  
Counteract  
Counteract this world  
Devastate the masses  
Demonstrate the truth

Eliminate the friction between innocence and strife  
Let the old men speak of their dreams, and let the young men  
Tell you what they've seen

You know it's ours for the taking (It belongs to us)  
You know it's ours for the taking (It belongs to us)  
So reach out your hand and grab it  
And hold on to it  
And never let it go

Now counteract this world  
Devastate the masses  
Counteract  
Counteract this world  
Devastate the masses  
Demonstrate the truth

This is not a dream  
(Wake up)

Now tell them something they don't want to hear

Counteract this world
