

Dark Ride

Islander

You built this road, I paid my way
I found my lane, yeah, I've waited for you
We can go anywhere, be anything
Imagination, animation, a dream come true
Dream come true, dream come true, dream
It's all your fault

Am I a fool? I've been here many times
Yet I keep coming back for more and more and more
You always cost so much more than I have
And yet I keep coming back, I keep coming back
Keep coming back, keep coming back
It's all your fault

So I'll take this dark ride with you
Tell me, where do we go from here?
I'll take this dark ride with you
Tell me, where do we go from here?

You keep on changing, you keep on rearranging
Yeah, but somehow, you always seem to stay the same
Something's watching, I feel your eyes on me
I'm afraid 'cause I'm intrigued
It's like a dream come true
Dream come true, dream come true, dream
This is all your fault

This is all your fault
I was down on my knees [?]
This is all your fault

So I'll take this dark ride with you
Tell me, where do we go from here?
I'll take this dark ride with you
Tell me, where do we go from here?
And why do we always end where we began?
It's an endless cycle closing in
I'll take this dark ride with you
Tell me, where do we go from here?

Yeah we could sit here
And we could talk it through
One last time, one more time
But it was never in your heart
And it was never in mine
The only way off for me is off the rails
The only way off for me is off the rails

So I'll take this dark ride with you
Tell me, where do we go from here?
I'll take this dark ride with you
Tell me, where do we go from here?
And why do we always end where we began?
It's an endless cycle closing in
We'll never sing, we'll never find another way
Tell me, where do we go from here?

We'll never sing, we'll never find another way
