

Darkness

Islander

I'm into darkness
I'm into darkness

I'm disobedient, quick to speak, and slow to listen
I don't care what you've got to say
I'm friends with all my demons
I won't tell you what we're scheming
You'll regret it if you look my way
I'm into blood, and fire
I have devilish desires
Violence and destruction is my favorite game
I'm into lust, flesh, and the cheapest kind of sex
I don't even need to know your name

I'm into darkness, darkness
Stay away from the light
Gotta keep out of sight
Turn the lights off
Get down
Hide away
I'm best friends with the night
I'm into darkness, darkness
Choose death over life
Cut my arm with the knife
Where's the blood at?
Black cat, witchcraft
I'm about to take another life

I'm a slave to the bottle
Indulge like there's no tomorrow
My desires can't be tamed
I don't feel the same as you do
I'm friends with Mama Voodoo
I'm the dirtiest player in the game
I'm in love with money and power
I'm the sweetest kind of sour
I'm so high, I can't even feel my face
I'm into death and murder
I'm a casket connoisseur
I hate love, but I love to hate

I'm into darkness, darkness
Stay away from the light
Gotta keep out of sight
Turn the lights off
Get down
Hide away
I'm best friends with the night
I'm into darkness, darkness
Choose death over life
Cut my arm with the knife
Where's the blood at?
Black cat, witchcraft
I'm about to take another life

I'm into darkness, darkness
Stay away from the light

Gotta keep out of sight
Turn the lights off
Get down
Hide away
I'm best friends with the night
I'm into darkness, darkness
Choose death over life
Cut my arm with the knife
Where's the blood at?
Black cat, witchcraft
I'm about to take another life

You can't change me 'cause this is who I am
Don't try to change me 'cause this is who I am
You can't change me
Don't try to change me
'Cause this is who I am
Don't try to change me
You can't change me
'Cause this is who I am
(What's wrong with me?)

You can't change me
Don't try to change me
'Cause this is who I am
You can't change me
Don't try to change me
'Cause this is who I am
Shut up
Change me
Don't try to change me
I said this is who I am
Don't you get it?
Change me
Don't try to change me
'Cause this is who I am
