Islander

Pill poppin' mind bender
Show stoppin' fun killer
Thinking life is clear
While you've been looking in a black mirror
I keep being tested
Doing my best not to get bested
This thing called rock & roll
Can't save your soul

Livin' in a fantasy
In the ecstasy
False dream state
Never where you want to be
Livin' in a fantasy
In the ecstasy
False dream state
Never where you want to be

It's lights, camera, action
Sex, drugs, rock & roll
Lights, camera, action
Sex, drugs, rock & roll
It's lights, camera, action
Sex, drugs, rock & roll
Lights, camera, action
Sex, drugs, rock & roll

Yeah masquerade
Center stage
High off me
Hallucinate
Entertain
Got sex on the brain
And I'm feelin' myself so medicate
Out of control
Playin' a role
King with no crown in your puppet show
A toast to me with an empty cup
Why the world so fake
But I'm livin' it up

Livin' in a fantasy
In the ecstasy
False dream state
Never where you want to be
Livin' in a fantasy
In the ecstasy
False dream state
Never where you want to be

It's lights, camera, action
Sex, drugs, rock & roll
Lights, camera, action
Sex, drugs, rock & roll
It's lights, camera, action
Sex, drugs, rock & roll
Lights, camera, action

Sex, drugs, rock & roll

I'll never be
Whatcha want, whatcha want me to be
Oh, I'll never be
Whatcha want, whatcha want me to be
No oh, I'll never be
Whatcha want, whatcha want me to be
No oh, I'll never be
Whatcha want, whatcha want me to be

Lights, camera, action
