

## Devout

Islands

Gone away, gone away, I miss you  
All the way, will I see you again?  
Sitting here, sitting here, the car is outdoors  
When you come back, we'll get away

Then the alarm went off  
Alarms went off, I heard it  
I hope to God I don't hear gunshots  
And the windowpane is closed  
The way some violence sings pretty  
Sirens in the distance closing in  
Blending in, the casualty shrieking  
Casually I headed for the highway

Sold you out, sold you out  
Told them all the things that you'd done  
Sold you out, sold you out  
Tell me all the things that you had done

You were so devout, you were so committed to me  
Then I got away

I was right outside, Going to drive away  
Ready to split the money equally
