Islands

We love to disintegrate
To feel
Decay

So in some today
A while did we look away

Swim
That's what they tell you
Just ignore the swells
That's how they get you

Swim
That's what they tell you
If you believe the verse
I've got a bridge to sell you

So run
Just run away
Run back
The way you came

Tom
Something went wrong today
Attack
To relive the way
See upcoming pop shows
Get tickets for your favorite artists

Swim
That's what they tell you
Just ignore the swells
That's how they get you

Swim
That's what they tell you
If you believe that verse
I've got a bridge to sell you
