

Second Guessing

Isobel Campbell

One step forward, one step back
It's pretty clear we're headed down the wrong track
Pick me once, I'll pick you back
I'm pretty sure we're headed down the wrong track
Sooner or later, I don't know
You like me and I like you, oh
Sooner or later, wait and see

Two steps forward, three steps back
I'll do you and I'm gonna double right back
Kick me once, I'll hit you back
When I walk up, we was headed down the wrong track
Sooner or later, I don't know
You like me and I like it, oh
Sooner or later, wait and see
Love hurts but it's killing me

Two steps forward, three steps back
It's crystal clear we're headed down the wrong track
Give me truth now give me fact
I'll do you and I'm gonna double right back
Sooner or later, I don't know
They like me and I like them, oh

We're so broke, we go any way the wind blows
I'm second guessing, tell me anybody that knows
I'm so broke and I go any way the wind blows
Second guessing, tell me anybody that knows
