

# The Power of One

Israel Houghton

What if it all depended on me  
To change the world, to change the world?  
What if my only responsibility was  
To change the world, change the world?

Let me be the one to start a revolution  
Let me sing my song to the people of the world

It all begins with one, the power of one  
Joining the hundreds of millions of people believing  
In one, the power of one  
Don't hang around, stand up or sit down and believe

We can change the world together  
We can change the world together

What kind of love can conquer disease?  
And change the world, change the world?  
What I can do to make poverty history  
And change the world, change the world?

Let me be the one to start a revolution  
Let me sing my song to the people of the world  
To the children of the world

It all begins with one, the power of one  
Joining the hundreds of millions of people believing  
In one, the power of one  
Don't hang around, stand up or sit down and believe

We can change the world together  
We can change the world together

Please don't close your eyes, please don't turn away  
Let your voices rise, put love on display  
And make a difference now  
I believe you and me can make a difference now

It all begins with one, the power of one  
Joining the hundreds of millions of people believing  
In one, the power of one  
Don't hang around, stand up or sit down and believe

We can change the world together  
We can change the world together  
We can change the world together

It all begins with one  
It all begins with one

You and me can make it, you and me can make it  
You and me can make it better together  
You and me can make it, you and me can make it  
You and me can make it better together with one
