

# We Win

Israel Houghton

We overcome by Your Word  
Your Word will always prevail  
We overcome by the blood of the Lamb  
And the promise we have in You

We lift our voice with a shout  
You always cause us to triumph  
We lift our hands like it's already done  
For it's already won by You

We win because of You  
We overcome and conquer in Your name  
We win because of You  
All things are possible  
We win

Oh, oh, oh, oh, oh, oh  
We got the victory  
We got the victory  
Oh, oh, oh, oh, oh, oh  
We got the victory  
It's all because of You  
We win

We win because of You  
We overcome and conquer in Your name  
We win because of You  
All things are possible  
We win
