

The Fly

Israel Kamakawiwo'ole

There was a little fly, he flew into the store
He do it on the table, he do it on the floor
He do it on the eggs, he do it on the ham
He do it on the head of the little grocery man

The little grocery man, he run to get his gun
He said I'm gonna get this fly before this day was done
But before he can count from one to ten
The little fly, he do it on the grocery man again

There was a little fly, he flew into the store
He sh on the table, he sh on the floor
He sh on the eggs, he sh on the ham
He sh on top the head of the little grocery man

The little grocery man, he run to get his gun
He said I'm gonna get this fly before this day was done
But before he can count from one to ten
The little fly, he sh on the grocery man again
