

## Borderline

Israel Vibration

O father our ruler  
Mi know you still dea Yah--o o o  
And you see the activity--yea, o yea  
Of them who fight against we yea, o yea  
You have seen the influence of the oppressor  
And the effect it has upon the people--woo  
So they fight against each other  
Destroying their sister and brother  
In these time, in these time, you can see war and crime  
It happens on the border line--woo  
Wicked man in high olaces--yea  
You evil have spread throughout all boundaries  
And you rejoice within your dirty ways day by day,  
day by day, hear me say-o, o, o  
You've been holding the reins of oppression for so long  
Tormenting the poor with depression yea  
Along with your evil advice...  
You increase the pressure twice / In these times.  
Corrupt are they in their thinking  
Also in their doing--yea now  
They set themselves in high possession  
Spreading so far across the region--woo yea  
Then they leave you in confusion--woo  
Until the situation gets fatal  
Therefore you deal with your brother in a brutal  
Manner--yea / So they want you to be scatter  
Far away from each other / In these time, in these time  
You can see war and crime  
It happen on the border line--woo, yea  
So father our ruler / You must take over  
Shower them with power  
Let them know you control yah  
Jah, Jah, Jah, / In these times, in these times  
You can see war and crime  
It happens on the border line  
In these times, In these times  
You can see war and crime  
it happens on the border line.
