Israel Vibration

Whoah, wo yeah !
Take a look at I and I and I
And what do you see
The original flesh and blood
Runnin' thru I and I veins
Just another set of Jah soldiers
Trodding up on the mains
Becoming a prime target
In front of evil Babylon
From long long long long time ago
Instigated to just wrong
From long long long long time ago
Try to dis the Almighty one
From long long long long time ago
Try to control the rasta man

To find his rent
Some work from nine, upon til five
And yet they have it so hard to survive
Is there a trick within your plan
For them to be a successful one
Whoah, wo yeah
Tell me now Babylon
Is there a trick within your plan
Not under the hands of Babylon
He just won't let it be
Not under the hands of Babylon
Will he ever let you be free
Babylon, Babylon
Take a look at I and I and I
And what you see

The original flesh and blood
Runin' thru I and I veins
Take a
