

## Solomon Bloodline

### Israel Vibration

Jah People don't you be contrary  
Jah People don't be trick by mercenaries  
Open your eyes a message in the healing  
Wake up, be wise, truth is revealing

In Ham is known to be the Prophet  
Now you telling me say him come from Japhet

Move the devil doctrine the false Jesus  
King Solomon blood-line in a Ethiopia  
History no lie he's the Lion of Judah  
Me trod through Jerusalem  
Put me hand pon the stone in the sepulcher

They couldn't conquer me brain-washing hypocrisy  
Them educated criminals blood-sucking vampiressiety

And the trumpet is a trumpetting, say  
Make way for the positive way
