

Trouble

Israel Vibration

Trouble never set like rain
Trouble never set like rain
Trouble never set like rain
Trouble never set like rain

Trouble only bring you pain and sorrow
Don't want that, can't help our children tomorrow
We want for them a brighter future
So we rather to teach them rasta leisure
Like to read and write and measure
So that way they can have their own pleasure
So Babylon can't push them around
Whole heap a youth and youth
Is found in a Babylon pound
You can hear the sound
How dem a howl
The leaders of the world, they don't know better
Bring the evil seed, leave it in the street
Right at the children feet
The leaders of the world, they don't know better
All they see lust, greed, war, blood, slaughter
Naugh show no light
For the future
All dem give poor pressure, poor pressure

Trouble never set like rain
Trouble never set like rain
Trouble never set like rain
Trouble never set like rain

The leaders of the world, they don't know better
All they see lust, greed, war, blood, slaughter
Naugh show no light
For the future
All dem give poor pressure
What do you expect
The children to do
Because they are looking up to you
Most of the time, they follow what the see
Can't make it right, they're the children of plight

Trouble never set like rain
Trouble never set like rain
Trouble never set like rain
Trouble never set like rain

When you see trouble
Or walk away from trouble
Or walk away from trouble
Or you get it pon the double
Get it pon the double
'Cause sometimes it triple
The leaders of the world, they don't know better
All they see lust, greed, war, blood, slaughter

Trouble never set like rain
Trouble never set like rain

Trouble never set like rain
Trouble never set like rain

When you see trouble
Or walk away from trouble
Or walk away from trouble
'Cause trouble come double
Well it come double
Sometimes it triple
The leaders of the world, they don't know better
All they see lust, greed, war, blood, slaughter
Trouble, trouble

Trouble never set like rain
Trouble never set like rain
Trouble never set like rain
Trouble never set like rain
